

Love is in the air

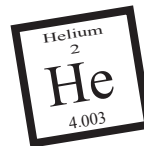

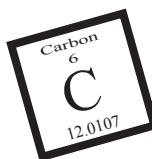

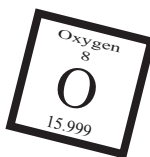

So are Nitrogen, Oxygen,
Argon and Carbon Dioxide

To:

From:

smore

I think of you

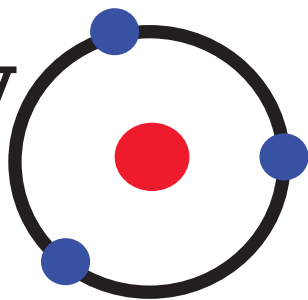

PERIODICALLY

To:

From:

smore

I've got my
ION
you

To:

From:

smore

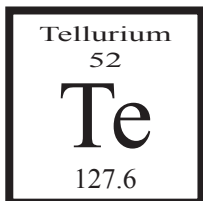

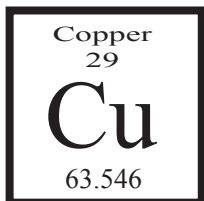

You shine
like a
carbon allotrope

To:

From:

smore

Are you made of
copper and tellurium?
Because you are

To:

From:

smore

You're as sweet as

π

3.14159265359

To:

From:

smore

If there wasn't
gravity on Earth,
I'd still fall for you

To:

From:

smore

I
LAVA
YOU
